

RE-MODEL LIFT CREAM EXTRA RICH

DESCRIPTION

Ideal for skin lined with wrinkles and in need of a lifting and nourishing action. Its texture is extremely rich, comfortable and silky.

ACTION

A cream rich in Model-Lift™ that effectively works to redefine facial features, to stimulate the natural power of contraction of fibroblasts*. In synergy with Model-Fix™ to lift and anchor the support fibers. For a smoothing and “self-lifting” action that lasts a long time, and a “repositioning” of facial volumes. It contains Receptive™ which works straight to the heart of the imperfection. SPF20**.
